

1. How did your poetry recitation/performance go? What did you do well? What do you need to work on?
2. Did you use the “break it up into illustrations” technique? Why/why not?
3. Did you use the “visualize around the room” technique? Why/why not?
4. What did you learn about adrenaline and how it affects memory? Did you notice this happening to you? What can you do to offset this adrenaline effect in the future?
5. What did you learn about memorization and recitation and performance?
6. What did you learn about yourself in this unit?
7. What will you specifically work on and try to improve on in the next unit?
